Deaths due to bacillary dysentery of tribals of Bastar

1211. SHRl AJIT P. K. JOGI: Will the Minisier of HEALTH AND FAMILY WELFARE be pleased 10 state:

(a) whether it is a fact that for the last three years, hundreds of tribals of Bastar district, have been dying of a disease call ed bacillary dysentery and neither the cen'ral nor the State Government have been able to take effective steps for stop ping these deaths;

. (bj if so. what are the details of mortality because of this disease dtlring (he last three years (year-wise); and

(c) what steps have been taken to ensure that adequate primary health care is provided to these innocent and poor tribals so that they do not die in such large numbers every year ?

THF. MINISTER OF SI ATF IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (KUMARI SAROJ KHAPARDE): (a) The State Government of Madhya Pradesh have not reported any death due to vacillarv dysentery *o(* tribals of Bastar District.

(b) According to the reports received from the State Government, the reported deaths due to bacillary dysentery of tribals 1984 to 1987 are as follows: —

Year	Cases	Deaths
1984	. S497I2	272
1985	. 766019	146
1986.	. 762174	236
1987 {upto August)	. 568657	169

(c) The Central and State Governments are taking adequate steps for the control of these diseases. The Government of lndia also launched ORT Programme for the management of acute diarroheal diseases in the country which is being ex-panded in a phased manner during 7th Plan to reduce the morbidity and mortality due to acute diarroheal diseases. Specific treatments are available in the Primary Health Centres. Dispensaries and Hospitals depending on the causative Organisms. There is no shortage of drugs reported from any-wnere. Emphasis has been laid for the supply of pure drinking water in *the* problem villages by the end of the 7th Plan period. Construction of sanitary privies are being encouraged in the rural areas by community participation. Health education efforts are being augmented. All outbreaks are being investigated by the State Health Authorities and unsafe drinking water supplies are being chlorinated.
